

CHARVET BESPOKE

The Gold Label

BECAUSE YOU DESERVE THE GOLD STANDARD

Given the seal of approval by the highest ranked chefs in the industry, Charvet Bespoke Suites are the ultimate in cooking suite design. From the initial consultation, to the final installation - you are in the driver's seat!

Bespoke ranges are specially designed so that you can benefit from our state of the art craftsmanship. Anything can be customised at your request: From the design and layout of work areas, to the choice of cooking surfaces; from brass, chrome, or stainless-steel fittings, to special enamel finishes; custom colours and ergonomics, down to the final appearance of your range -- everything is created with exact your requirements in mind.

“Installing three Charvet bespoke suites has made a great difference in the kitchen, creating an effective and cooler working environment, with all suites having energy efficient induction hobs and other Charvet energy efficient cooking technology”.

YOUR BESPOKE WORKSPACE

Combining style with practicality, Charvet craftsmen continue to create suites that can adapt to meet your cooking needs without losing sight of your visual concept.

ANY SHAPE, SIZE, HEIGHT AND CONFIGURATION

One of the drawbacks of owning a modular suite is that there are limitations to what you can fit in your kitchen and how you cook around the kit.

Charvet Bespoke Suites are designed and built to fit around you and your kitchen – not the other way around. There shouldn't be any constraints when it comes to how you cook and the way you move around your kitchen!

Whether you're looking for a simple island suite or a peninsular suite, Charvet Bespoke Suites always deliver optimal performance and dependability.

A THING OF BEAUTY, AS INDIVIDUAL AS YOU ARE

Your cuisine is an extension of your unique personality - and your Bespoke Suite should reflect these qualities.

With all the performance and power you have come to expect from Charvet, our Bespoke Suites are specifically created with state-of-the-art craftsmanship without forfeiting stylization.

CREATED WITH ALL THE TRADITION AND EFFICIENCY
YOU'VE COME TO EXPECT FROM CHARVET

Charvet's pedigree sets our suites apart from other bespoke ranges. Your input coupled with our expertise should not only ensure that we create a Bespoke Suite to match your exact specifications, but that we create a piece that's reliable and durable to stand the test of time.

You can build your Bespoke to meet any of your requirements:

- Solid top
- Fryer
- Grill
- Plancha
- Open burner
- Salamander
- Induction
- Pasta cooker
- Bain maries
- Boiling plate
- Griddle
- Chargrill
- Bratt pan
- Refrigeration
- Gas / electric

POWER & INNOVATION

Whether you need a chargrill, intelligent programming and diagnostics, or integrated refrigerated drawers, we allow you to configure your kitchen any way you want without sacrificing power and innovation.

"Charvet is one of only a few manufacturers capable of producing a range of this quality and solidity".
